CONTRACT

Shaker  
sliding doors

A timeless look for any room.

Choose from a variety of frame finishes. Either complement with matching wood effect panels or make a bolder statement by combining contrasting wood effect and glass panels together.

 Introducing Cashmere & Stone grey for 2017.

## Door designs

Single panel

Wideline

## Technical information

Calculating doors and overlap widths.

Sliding door overlap	75mm
Door height	Opening height minus 54mm (track & wheel allowance)
Door width (for sliding doors) (not including liners)	$\frac{\text{Opening width} + (\text{number of overlaps} \times \text{overlap length})}{\text{Number of doors}}$
Stile length	Door height minus 2mm
Rails & h-section lengths	Finished door width minus 2 x overlap
Panel height (1 panel)	Door height minus 2mm
Panel height (multi panel)	Panel height divided by the quantity minus 51mm for each break
Panel width	Finished door width minus 2mm

## Door construction

- Steel frame
- 8mm wood effect panel
- 4mm glass & mirror  
 (4mm backing board is used with glass and mirror panels in doors with multiple panel in mixed materials)
